We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the St. Landry Parish Government, as of and for the year ended December 31, 2011, which collectively comprise the St. Landry Parish Government's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of St. Landry Parish Government. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The financial statements referred to above include the financial activities of the primary government and seven component units, including those for which the Parish maintains financial records. Financial activities of other component units that form the reporting entity are not included. Accounting principles generally accepted in the United States of America require the financial data for those component units to be reported with the financial data of the primary government unless St. Landry Parish Government also issues financial statements for the financial reporting entity that include the financial data for its component units. St. Landry Parish Government has not issued such reporting entity financial statements.

Because of this departure from accounting principles generally accepted in the United States of America, the assets, liabilities, net assets, revenues, and expenses of the aggregate discretely presented component units that would have been reported is not readily determinable. In addition, the assets, liabilities, fund balances, revenues, and expenditures of the aggregate remaining fund information would have increased by an amount not readily determinable.

In our opinion, because of the omission of the discretely presented component units, as discussed above, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the aggregated discretely presented component units of the St. Landry Parish Government as of December 31, 2011, or the changes in financial position thereof for the year then ended.

Further, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the St. Landry Parish Government, as of December 31, 2011, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 13, 2012 on our consideration of the St. Landry Parish Government's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The St. Landry Parish Government has not presented management's discussion and analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise St. Landry Parish Government's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the St. Landry Parish Government. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Year Ended December 31, 2011

Total net changes in fund balances at December 31, 2011 per Statement of Revenues, Expenditures and Changes in Fund Balances	\$ (43,466)
--	-------------

The change in net assets reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay is considered expenditures on Statement of Revenues, Expenditures and Changes in Fund Balances	\$ 344,050

Depreciation expense for the year ended December 31, 2011	<u>(859,845)</u>	(515,795)

In the statement of activities, only the gain on sale of fixed assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the assets sold.

Governmental funds report bonded debt repayments as expenditures. However, those expenditures do not appear in the statement of activities since the payments are applied against the bond payable balance on the statement of net assets

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the St. Landry Parish Government are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the Parish's accounting policies are described below.

A. Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Primary Government -

The St. Landry Parish Home Rule Charter Commission has proposed, and the electors have adopted, under the authority of Article VI, Section 5 of the Louisiana Constitution of 1974, a home rule charter which shall be known as the president-council form of government and shall, replace the previously existing police jury form of government. This form of government shall consist of an elected parish president, who will be its chief executive officer and head of the parish government's executive branch and an elected council, which shall constitute the legislative branch of the government consisting of thirteen members elected from single member districts for four-year terms.

The St. Landry Parish Government is a governmental subdivision of the State of Louisiana, and as provided by the home rule charter, is authorized to exercise any power and perform any function necessary or requisite for proper management of its affairs.

Component Units -

Governmental Accounting Standards Board (GASB) Statement No. 14, "The Financial Reporting Entity" establishes criteria for determining which entities should be considered a component unit and, as such, part of the reporting entity for financial reporting purposes. The basic criteria are as follows:

1. Legal status of the potential component unit including the right to incur its own debt, levy its own taxes and charges, expropriate property in its own name, sue and be sued, and the right to buy, sell and lease property in its own name.

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Whether the primary government's governing authority (Parish Council or Parish President) appoints a majority of board members of the potential component unit.
3. Fiscal interdependency between the primary government and the potential component unit.
4. Imposition of will by the primary government on the potential component unit.
5. Financial benefit/burden relationship between the primary government and the potential component unit.

Based on the above criteria, the Parish Government has determined that the following organizations are component units and should be part of the financial reporting entity:

- Agricultural Arena Authority
- Community Action Agency
- Workforce Investment Board
- Bayou Mallet and Plaquemine Gravity Drainage District No. 10
- Bayou Plaquemine Gravity Drainage District No. 12
- Bellevue and Coulee Croche Gravity Drainage District No. 20
- Consolidated Gravity Drainage District No. 1 of Ward 3

Sewerage District No. 1
Solid Waste Disposal Commission
South St. Landry Library District
St. Landry Parish Registrar of Voters

For financial reporting purposes, the Parish has chosen to issue financial statements of the St. Landry Parish Government, primary government, and certain component units, including those whose accounting records are maintained by the Parish. The component units included are the Agricultural Arena Authority, Workforce Investment Board, Fire Protection District No. 6, St. Landry Parish Historical Development Commission, Twenty-Seventh Judicial District Criminal Court Fund, the St. Landry Parish Tourist Commission, and the St. Landry Parish Registrar of Voters. These component units are discretely presented in a separate column in the government-wide financial statements. As such, the accompanying financial statements are not in conformity with generally accepted accounting principles.

B. Basis of Presentation

The Parish's basic financial statements consist of the government-wide statements on all of the non-fiduciary activities of the primary-government and its component units and the fund financial statements (individual major fund and combined nonmajor funds). The statements are prepared in accordance with accounting principles generally accepted in the United States of America as applied to governmental units.

Government-wide financial statements -

The government-wide financial statements include the statement of net assets and the statement of activities for all non-fiduciary activities of the primary government and the total for its component units. As a general rule, the effect of interfund activity has been removed from these statements. An exception of this general rule is contributions between the primary government and its component units which are reported as external transactions. All of the Parish's activities are considered governmental and as such the statements report the governmental activities of the Parish. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange transactions. The primary government is reported separately from the legally separate component units as detailed in the previous section.

In the government-wide statement of net assets, the amounts are presented on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Parish's net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Parish first utilizes restricted resources to finance qualifying activities.

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The government-wide statement of activities reports both the gross and net cost of each of the Parish's functions. The functions are also supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, etc.). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function. Operating grants include operating specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. The net cost (by function) is normally covered by general revenue (property, sales and use taxes, intergovernmental revenues, investment income, etc.).

The Parish does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds to recover the direct costs of General Fund services provided (finance, personnel, purchasing, etc.). This fee is eliminated by reducing the revenue in the General Fund and the expense in the paying fund because the expense is not a direct expense of the program to which it was charged.

The government-wide focus is more on the sustainability of the Parish as an entity and the change in the Parish's net assets resulting from the current year's activities.

Fund financial statements -

The fund financial statements provide information about the Parish's funds. Separate statements for each fund category are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The Parish reports the following major governmental funds:

General Fund

The General Fund is used to account for resources traditionally associated with governments which are not required to be accounted in other funds.

Road and Bridge Maintenance Fund

The Road and Bridge Maintenance Fund accounts for the maintenance and upkeep of the parish road systems. Major means of financing are provided by the State of Louisiana Parish Transportation Fund, portion of a slot machine tax collected from the Evangeline Downs Racino facility, and grants received from the United States Department of Transportation through, Louisiana Department of Transportation and Development.

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Health Unit Maintenance Fund

The Health Unit Maintenance Fund accounts for the maintenance of several health units which provide health and welfare services to the citizens of the parish. Major means of financing are provided by ad valorem taxes, state revenue sharing, and interest earned on investments.

Jail Tax Sinking Fund

The Jail Tax Sinking Fund accounts for the accumulation of monies for the payment of \$1,500,000 of general obligation bonds issued April 1, 1980 (refunded and reissued April 12, 1993). Proceeds of the bond issue were used to construct a parish jail. Financing is provided by an ad valorem tax levied upon properties located in the parish.

In addition, the Parish reports the following:

Agency funds account for assets held by the Parish in a purely custodial capacity. The reporting entity includes two agency funds; adjudicated property fund and Racino fund. Since agency funds are custodial in nature (i.e., assets equal liabilities), they do not involve the measurement of results of operations.

The emphasis in fund financial statements is on the major funds. GASB No. 34 sets forth minimum criteria (percentage of assets, liabilities, revenues or expenditures/expenses) for the determination of major funds. The nonmajor funds are combined in a single column in the fund financial statements.

C. Basis of Accounting

Government-wide financial statements -

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Nonexchange transactions, in which the Parish gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements and donations. On an accrual basis, property taxes are recognized in the year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental fund financial statements -

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Ad valorem taxes are recognized as revenue in the year for which budgeted, that is, in the year in which such taxes are billed and collected. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments and compensated absences, which are recognized to the extent they are matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

D. Budget and Budgetary Accounting

The St. Landry Parish Government adopts budgets for the General and Special Revenue Funds. Budgets are prepared on a modified accrual basis of accounting.

The proposed budgets are published in the official journal and made available for public inspection.

The final budget must be adopted by the Parish no later than the last day of the preceding year. The budget should be amended when expenditures in any fund exceed appropriations by 5 percent or more or when actual and projected revenues do not meet appropriated revenues by 5 percent or more.

Operating appropriations, to the extent not expended or encumbered, lapse at year-end. Capital appropriations continue in force until the project is completed or deemed abandoned.

Formal budgetary integration is not employed as a part of the accounting system; however, routine budget comparisons are made prior to expending funds.

E. Transfers and Interfund Loans

Advances between funds which are not expected to be repaid are accounted for as transfers. In those cases where repayment is expected, the advances are classified as due from other funds or due to other funds on the balance sheet. Short-term interfund loans are classified as interfund receivables and payables.

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Cash and Cash Equivalents

Cash includes amounts in demand deposits, interest-bearing demand deposits, and time deposits. Cash equivalents include amounts in time deposits and those investments with original maturities of 90 days or less.

G. Allowance for Authorized Changes

Allowance for authorized changes are recorded to reflect authorized changes in assessed ad valorem taxes.

H. Inventory

Inventory items are recorded as expenditures when purchased. There are no significant amounts on hand at year-end.

I. Bond discounts/issuance costs

In governmental funds, bond discounts and issuance costs are recognized in the current period. In the government-wide statements, bond discount and issuance costs are deferred and amortized over the terms of the bonds to which such discounts and costs apply.

J. Fixed assets

The accounting treatment over property, plant, and equipment (fixed assets) depends on whether the assets are reported in the government-wide or fund financial statements.

Government-wide statements -

In the government-wide financial statements, fixed assets are accounted for as capital assets. All capital assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. Prior to January 1, 2003, governmental funds' infrastructure assets were not capitalized. These assets are being accounted for prospectively.

Depreciation of all exhaustible fixed assets is recorded as an allocated expense in the statement of activities, with accumulated depreciation reflected in the statement of net assets.

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

	<u>Years</u>
Land improvements	20 - 30
Buildings and improvements	10 - 40
Furniture and equipment	5 - 20
Infrastructure	20 - 50

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Fund financial statements -

In the fund financial statements, fixed assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

K. Compensated Absences

For the primary government, full-time employees earn annual leave at the rate of 5 to 15 days per year, depending upon length of service. Five days of unused annual leave may be carried over from year to year. Full-time employees earn sick leave at the rate of eight days per year. Ninety days of unused sick leave may be carried over from year to year. Accumulated sick leave is forfeited upon separation; however, accumulated sick leave may be applied toward retirement.

For discretely presented component units, full-time employees of the Workforce Investment Board (WIB) earn annual leave at the rate of 12 to 24 days per year, depending upon length of service. Twenty days of accumulated annual leave may be carried forward at the end of each year. Full-time employees of WIB earn sick leave at the rate of 15 days per year. Ninety days of unused sick leave may be carried over from year to year. Accumulated sick leave is forfeited upon termination; however, may be credited toward retirement.

In the government-wide statements, accumulated unpaid vacation leave and associated related costs are accrued when earned (or estimated to be earned) by the employee. The current portion is the amount estimated to be used/paid in the following year. The remainder is reported as non-current. In accordance with GASB Interpretation No. 6, "Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements," no compensated absences liability is recorded in the governmental fund financial statements.

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Long-term Debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

All long-term debt to be repaid from governmental resources is reported as liabilities in the government-wide statements. The long-term debt consists primarily of bonds payable, equipment notes payable, certificates of indebtedness, paving certificates, and estimated claims payable.

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest are reported as expenditures.

M. Equity classifications

Government-wide statements -

Equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt - Consists of capital assets (including restricted capital assets), net of accumulated depreciation and reduced by the outstanding balances of any bonds, certificates of indebtedness, paving certificates, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets — Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets - All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund financial statements -

Governmental fund equity is classified as fund balance. Beginning with fiscal year 2011, the St. Landry Parish Government's management implemented GASB Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- **Nonspendable:** This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Management has classified prepaid expenditures as being nonspendable as this item is not expected to be converted to cash.
- **Restricted:** This classification includes amounts for which constraints have been placed on the use of resources are either:
 - Externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or
 - Imposed by law through constitutional provisions or enabling legislation.

Management has classified fund balances for public safety, public works, capital projects, health unit, and economic development, as being restricted due to the constraints placed on the use of the money contributed by its grantors and collected on ad valorem tax assessments. Fund balance for debt service has been classified as restricted due to the constraints placed on the use of money for principal and interest payments in accordance with debt agreements. Fund balances for judicial expenses, along with, prisoner and jury witness have been classified as restricted due to constraints placed on the use of money collected on certain court costs and filing and judicial fees. Fund balance for general contingencies has been classified as restricted to satisfy minimum balance requirements for contingency spending.

- **Committed:** This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (resolution) of the St. Landry Parish Government's Council, which is the Parish's highest level of decision-making authority. These amounts cannot be used for any other purpose unless the Council removes or changes the specified use by taking the same type of action that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements. The Council did not have any committed resources as of year-end.
- **Assigned:** This classification includes amounts that are constrained by the Council's intent to be used for a specific purpose but are neither restricted nor committed. This intent should be expressed by the St. Landry Parish Government's (1) Council, (2) its finance committee, or (3) an official, such as the Parish President, to which the Council has delegated the authority to assign amounts to be used for a specific purpose.
- **Unassigned:** This classification is the residual fund balance for the General Fund. It also represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund.

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

When fund balance resources are available for a specific purpose in multiple classifications, the St. Landry Parish Government will generally use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed. However, the St. Landry Parish Government's management reserves the right to selectively spend unassigned resources first and to defer the use of the other classified funds.

N. Interfund Transfers

Permanent reallocation of resources between funds of the primary government are classified as interfund transfers. For the purposes of the statement of activities, all interfund transfers between individual funds have been eliminated.

O. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

P. Subsequent Events

We have evaluated events subsequent to the balance sheet through June 13, 2012, the date the financial statements were available to be issued.

NOTE 2 CASH AND CASH EQUIVALENTS

Under state laws, the Parish may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The Parish may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana, the state sponsored investment pool and mutual funds consisting solely of government backed securities. At December 31, 2011, the Parish has cash and interest-bearing deposits (book balances) totaling \$4,331,643 as follows:

	Demand Deposits
Primary Government	\$ 2,726,359
Agency Funds	96,786
Component Units	1,508,498
	<u>\$ 4,331,643</u>

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 2 CASH AND CASH EQUIVALENTS (Continued)

These deposits are stated at cost, which approximates market. Under state laws, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent bank. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

Deposit balances (bank balances) at December 31, 2011, are as follows:

Bank balances	<u>\$ 4,907,350</u>
---------------	---------------------

At December 31, 2011, the deposits are secured as follows:

Federal deposit insurance	\$ 2,500,000
---------------------------	--------------

Pledged securities (Category 3)	<u>5,051,915</u>
---------------------------------	------------------

Total	<u>\$ 7,551,915</u>
-------	---------------------

Pledged securities in Category 3 include uninsured or unregistered investments for which the securities are held by the broker or dealer, or by its trust department or agent, but not in the Parish's name. Even though the pledged securities are considered uncollateralized (Category 3), Louisiana Revised Statute 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the Parish that the fiscal agent has failed to pay deposited funds upon demand.

NOTE 10 CRIMINAL COURT FUND

Louisiana Revised Statute 15:571.11 requires that one-half of any balance remaining in the Criminal Court Special Revenue Fund at year-end be transferred to the parish General Fund. No money shall be paid out of the account, except upon order or warrant of the district judge and district attorney, as provided by the statute. At December 31, 2011, there was a fund balance of \$1,507 in the Criminal Court Fund; therefore, \$754 is due the General Fund.

NOTE 11 PENSION PLAN

The St. Landry Parish Government contributes to the Parochial Employees' Retirement System, a cost-sharing multiple-employer defined benefit pension plan administered by a separate board of trustees. The Parochial Employees' Retirement System provides retirement, disability, and death benefits to plan members and beneficiaries. The provisions of the retirement system may be amended by action of the legislature in the same manner as any other statute may be amended by the legislature. A publicly available financial report that includes financial statements and required supplemental information may be obtained by writing to the Parochial Employees' Retirement System, P.O. Box 14619, Baton Rouge, Louisiana 70898-4619, (225) 928-1361.

ST. LANDRY PARISH GOVERNMENT

Notes to Financial Statements

NOTE 11 PENSION PLAN (Continued)

Plan members are required to contribute 9.5% of their annual covered salary and the Parish Government is required to contribute at the actuarially determined rate, currently 15.75% of the annual covered payroll. The Parish Government's contributions to the system for the years ended December 31, 2011, 2010, and 2009 were \$524,876, \$520,950, and \$357,987, respectively, equal to the required contribution for each year.

NOTE 12 OTHER POST EMPLOYMENT BENEFITS

The St. Landry Parish Government provides certain continuing health care insurance benefits for its retired employees. Substantially all of the Parish Government's employees become eligible for these benefits if they reach normal retirement age while working for the Parish Government. Benefits for retirees are provided through an insurance company whose monthly premiums are paid by the Parish Government and reimbursed by the retired employees.

NOTE 13 RELATED PARTY TRANSACTIONS

The Parish Government participated in the creation of a drainage district with the Avoyelles Parish Police Jury and the State of Louisiana. The drainage district has five board members consisting of two jurors from each police jury and the fifth board member appointed by the State. The Parish Government has \$10,000 in bank deposits due the drainage district as of December 31, 2011.

NOTE 14 OPERATING LEASES

Primary government:

NOTE 16 RISK MANAGEMENT

Due to current insurance market conditions, the St. Landry Parish Government is retaining the risk for its liability exposures in areas where there is no affordable insurance coverage available. Presently, the St. Landry Parish Government has not appropriated any monies for its liability exposures.

NOTE 17 CONTINGENT LIABILITIES

The St. Landry Parish Government is a defendant in various lawsuits. Although the outcome of some of these lawsuits has been determined, as of the date of this audit report, the Parish Government has not appropriated any funds in payment of these liabilities. There are also pending lawsuits which may result in judgments against the Parish Government. As of December 31, 2011, the amounts, if any, resulting from the settlement of these pending claims could not be reasonably determined by management and legal counsel. Additionally, the Louisiana Legislative Auditor is currently conducting an investigation regarding the St. Landry Parish Government. The investigation is not complete as of the date of the audit report. The effect on the financial statements at this time is not known.

NONMAJOR SPECIAL REVENUE FUNDS

Jail Maintenance Fund

The Jail Maintenance Fund accounts for the operations of the parish jail. Financing is provided primarily by ad valorem taxes and state revenue sharing funds.

Road District Maintenance Funds

The Road District Maintenance Funds account for the construction and maintenance of roads located within each respective road district. Funding is provided by ad valorem taxes levied against properties located within the districts and by state revenue sharing funds.

Coroner's Operational Fund

The Coroner's Operational Fund, established by Louisiana Revised Statute 33:1572(B), accounts for funds collected and remitted by the sheriff or clerk of court for the purpose of defraying the operational costs of the coroner of St. Landry Parish.

Bayou Bouef and Waxia Drainage District Fund

The Bayou Bouef Waxia Drainage District Fund accounts for funds available for maintenance of the designated district.

Evacuee Relief Fund

The Evacuee Relief Fund is used to account for donations obtained to assist in providing medication and other services for hurricane evacuees.

Flood Control Fund

The Flood Control Fund accounts for funds received from the U.S. Department of Defense in lieu of real estate taxes lost by the parish from federally acquired land. The funds received may be expended as the State legislature may prescribe for defraying expenditures regarding flood control and drainage improvements.

Veterans' Memorial Fund

The Veterans' Memorial Fund accounts for donations received for the purpose of constructing a Veterans' Memorial Park.

Solid Waste Disposal District Fund

The Solid Waste Disposal District Fund accounts for surplus funds received from the St. Landry parish Solid Waste Disposal district derived from fees collected from the disposal of solid waste generated outside the boundaries of the District. The funds are to be used for the purpose of improving and resurfacing parish roads, municipal streets and drainage improvements.

NONMAJOR SPECIAL REVENUE FUNDS (continued)

Code Enforcement Office Fund

The Code Enforcement Office Fund accounts for funding provided to set up a code enforcement office.

Delta Grand Maintenance Fund

The Delta Grand Maintenance Fund accounts for funds available to refurbish and maintain the Delta Grand Theater.

Energy Efficiency & Conservation Block Grant (EECBG)

The EECBG Fund accounts for federal grant funds received from the Department of Housing and Urban Development for studies performed on energy efficiency and conservation.

Airport Maintenance Fund

The Airport Maintenance Fund accounts for funding provided to operate and maintain the St. Landry Parish Airport.

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of St. Landry Parish Government, as of and for the year ended December 31, 2011, which collectively comprise the St. Landry Parish Government's basic financial statements and have issued our report thereon dated June 13, 2012. Our report on the primary government financial statements was qualified because the financial statements do not include the financial activities of several component units that form the reporting entity. Except as discussed in the preceding sentence, we conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered St. Landry Parish Government's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the St. Landry Parish Government's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the St. Landry Parish Government's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses and are listed as findings 11-1, 11-3 and 11-6.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompany schedule of findings and questioned costs to be a significant deficiency and is listed as finding 11-5.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether St. Landry Parish Government's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed three instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 11-2, 11-4 and 11-7.

St. Landry Parish Government's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit St. Landry Parish Government's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Parish Council, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Requirements Applicable to each Major
Program and Internal Control over Compliance
in Accordance with OMB Circular A-133**

The Honorable William K. "Bill" Fontenot, President

Compliance

We have audited the compliance of St. Landry Parish Government with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2011. The St. Landry Parish Government's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of St. Landry Parish Government's management. Our responsibility is to express an opinion on St. Landry Parish Government's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about St. Landry Parish Government's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on St. Landry Parish Government's compliance with those requirements.

In our opinion, St. Landry Parish Government complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2011.

Internal Control Over Compliance

The management of St. Landry Parish Government is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered St. Landry Parish Government's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of St. Landry Parish Government's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information of the Parish Council, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

Section I Summary of Auditor's Results

FINANCIAL STATEMENTS

Auditor's Report

An unqualified opinion has been expressed on the primary government's governmental activities and each major fund financial statements as of and for the year ended December 31, 2011.

Due to the omission of the financial data of certain legally separate component units of the St. Landry Parish Government, we have expressed an adverse opinion on the aggregate discretely presented component units' opinion unit.

Significant Deficiencies - Financial Reporting

There were three significant deficiencies in internal control over financial reporting disclosed during the audit of the financial statements which are shown as items 11-1, 11-3, 11-5 and 11-6 in Section II.

Material Noncompliance - Financial Reporting

There were three instances of noncompliance material to the financial statements disclosed during the audit of the financial statements which are shown as items 11-2, 11-4, and 11-07 in Section II.

FEDERAL AWARDS

Auditor's Report - Major Programs

In our opinion, the St. Landry Parish Government, complied, in all material respects, with the requirements that are applicable to each of its major federal programs for the year ended December 31, 2011.

Major Program - Identification

St. Landry Parish Government had the following programs, at December 31, 2011, tested as major programs:

<u>Program Name</u>	<u>CFDA Number</u>
Title WIA -	
Adult and ARRA Adult	17.258
Youth and ARRA Youth	17.259
Dislocated Worker and ARRA Dislocated Worker	17.260

Section I Summary of Auditor's Results (Continued)

Major Program - Threshold

The dollar threshold to distinguish Type A and Type B programs is \$300,000 for the year ended December 31, 2011.

Low-Risk Auditee

St. Landry Parish Government is considered a low-risk auditee for the year ended December 31, 2011.

Significant Deficiencies - Major Programs

There were no significant deficiencies or material weaknesses in internal control over compliance over the major program disclosed during the audit of the financial statements.

Finding Related to Federal Programs

There were no instances of material noncompliance disclosed during the audit relating to federal programs for the year ended December 31, 2011.

Section II Findings Relating to an Audit in Accordance With *Government Auditing Standards*

11-1 Miscodings

Finding:

Transactions recorded in several governmental funds which affected the amounts reported as revenues and expenditures were miscoded and inconsistently recorded as to account and fund.

Cause:

Financial management showed inconsistent determination and application of transaction coding among and across funds.

Effect:

Inconsistent and erroneous coding could result in misstatement of financial statements, compromised budgeting decisions, and audit inefficiencies.

Recommendation:

Diligent and timely monitoring should be performed to insure that all transactions are captured and properly coded to the respective revenue and expenditure accounts.

St. Landry Parish Government
Opelousas, Louisiana

Schedule of Findings and Questioned Costs (Continued)
Year Ended December 31, 2011

11-2 Budget Variance

Finding:

Road and Bridge, and General Funds had actual expenditures and other uses that exceeded total budgeted expenditures and other uses by more than five percent. Louisiana R.S. 39:1307 requires the governing authority to amend the budget once notified that actual expenditures and other uses exceed or actual revenues and other sources fall below budgeted amounts by five percent or more (Note, state law exempts from the amendment requirements special revenue funds with anticipated expenditures of \$500,000 or less).

Cause:

Numerous required adjustments at year end, due to miscoding, caused several line items to rise above budgeted amounts by 5% or more which is a violation of State Budget Law.

Effect:

Inaccurate budgeting counters fiscal responsibility.

Recommendation:

Revenues and expenditures should be monitored according to Louisiana R.S. 39:1311 in order to effectively advise the governing authority of any five percent variances as described in Louisiana R.S. 39:1307.

11-3 Interfund Transfers

Finding:

The Parish Government performed inconsistent and incorrect recording of interfund transfer transactions.

Cause:

Interfund transactions were not consistently coded or properly maintained such that a determination of the status of interfund transactions becomes difficult and time consuming.

St. Landry Parish Government
Opelousas, Louisiana

Schedule of Findings and Questioned Costs (Continued)
Year Ended December 31, 2011

11-3 Interfund Transfers (continued)

Effect:

Improper and inconsistent treatment of interfund transactions can result in widespread and, potentially, material duplication of revenues and expenditures and also creates significant audit inefficiencies.

Recommendation:

It is recommended that management adhere to the established chart of accounts for coding of interfund transfers and perform timely and consistent application of transaction coding.

11-4 Budget Adoption

Finding:

Louisiana Revised Statute (R.S. 39:1303) requires the governing authority to prepare a comprehensive budget presenting a complete financial plan for each fiscal year for each general fund and special revenue fund. We noted that there was no budget adopted for the Airport Maintenance fund, which is a special revenue fund.

Cause:

The Parish failed to adopt a budget for the Airport Maintenance fund for the 2011 fiscal year.

Effect:

The Parish Government is not in compliance with the Louisiana Governmental Budget Act as it relates to requirements of R.S. 39:1303.

Recommendation:

Management should insure that all general and special revenue funds are included in the budget document in accordance with Louisiana R.S. 39:1303.

St. Landry Parish Government
Opelousas, Louisiana

Schedule of Findings and Questioned Costs (Continued)
Year Ended December 31, 2011

11-5 Qualifications and Training

Finding:

The Parish Government does not have a staff person who has the qualifications and training to apply generally accepted accounting principles (GAAP) in preparing its financial statements, including the related notes.

11-6 Undocumented Expenditures

Finding:

Itemized receipts for credit card purchases by the Parish President totaling \$7,138 for fiscal year 2011 were not made available to the finance department in accordance with established internal control policies and procedures.

Cause:

Credit card receipts were not retained or provided for substantiation of purchases.

Effect:

There exist an inability to justify the public purpose for expenditures incurred.

Recommendation:

The Parish Government should insure that all credit card purchases are adequately documented in support of the public purpose for which the expenditure is incurred.

11-7 Capital Improvement Budget

Finding:

Article V Section 5-05 of the St. Landry Parish Home Rule Charter states that a capital improvement budget shall be prepared and submitted to the Parish Council no later than the time of the operating budget for each ensuing fiscal year and covering a period of, at least, five years. There was no capital improvement budget adopted pursuant to the acquisition of the Drug Court building totaling \$154,763; and the construction of a new airport hanger totaling \$56,827.

Year Ended December 31, 2011

11-7 Capital Improvement Budget (continued)

Cause:

A detailed capital improvement budget, as set forth in the St. Landry Parish Home Rule Charter, was not formally adopted.

Effect:

The Parish Government is not in compliance with the provisions detailed in Article V Section 5-05 of the St. Landry Parish Home Rule Charter.

Recommendation:

Insure that a capital improvement budget is prepared and adopted in accordance with the provisions of the St. Landry Parish Home Rule Charter.

Section III Findings and Questioned Costs Relating to Federal Programs

There were no instances of material noncompliance or questioned costs related to federal programs disclosed during the audit of the financial statements.

Management's Corrective Action Plan
Year Ended December 31, 2011

Section I Internal Control and Compliance Material to the Financial Statement

11-1 Miscodings

Response:

We have changed our internal controls, which will allow two employees the chance to find a miscoding and correct it. We will also check all coding before transactions are entered into our software. Better controls will be in place to monitor before transactions are entered into the system.

11-2 Budget Variance

Response:

The budget variances are directly attributable to the significant miscoding, as noted in finding 11-1. With corrective action taken regarding miscoding, we believe the occurrence of significant budget variances will be significantly diminished. In addition, budgets will be formulated with budgeting software that tracks budget variances and improves monitoring on a monthly basis.

11-3 Interfund Transfers

Response:

Management will monitor transfers and only use transfer accounts when required. We will make sure that all deposits are placed in the correct funds which will eliminate most transfers.

11-4 Budget Adoption

Response:

The Airport Maintenance fund was established as a special revenue fund of the parish government from that of a component unit after the FYE 12/31/11 budget had been adopted. Although the intention was to amend the budget to include this fund, and amended budget was not approved in a timely manner. The administration will insure that all budgets are prepared and presented for approval as required by the Louisiana Governmental Budget Act.

Section I Internal Control and Compliance Material to the Financial Statement (continued)

11-5 Qualifications and Training (continued)

Response

The Parish Government has evaluated the cost vs. benefit of establishing internal controls over the preparation of financial statements in accordance with GAAP, and determined that it is in the best interest of the government to outsource this task to its independent auditors, and to carefully review the draft financial statements and notes prior to approving them and accepting responsibility for their contents and presentation.

11-6 Undocumented Expenditures

Response:

The finance department will insure that established internal control policies and procedures regarding documentation of transactions will be strictly adhered to with improvements having been already implemented.

11-7 Capital Improvement Budget

Response:

Formal capital improvement budgets will be developed in accordance with the St. Landry Parish Home Rule Charter requiring capital budget submissions for new or expanded physical facilities that are relatively large, expensive, and permanent. We have interpreted the preceding criteria, in accordance with state bid laws, to mean those items of \$150,000 and above. When capital expenditures, meeting these criteria are anticipated, a compliant capital budget will be presented independent of the operating budgets for all relevant fiscal periods.
